dilshaa.cse23.org

Summary

Computer Science and Engineering undergraduate focused on software engineering and full-stack development, with experience building web applications and backend services using modern frameworks, databases, cloud technologies, and REST APIs. Interested in developing reliable, user-focused software with strong attention to code quality and system design.

Education

University of Moratuwa, Sri Lanka

Mar 2024 - Present

BSc. in Computer Science and Engineering

- GPA: 3.68/4.00
- Advanced Software Engineering, Data Structures and Algorithms, Program Construction, Database Systems, Computer Networks, Computer Architecture

Rathnavali Balika Vidyalaya, Gampaha, Sri Lanka

2014 - 2023

- G.C.E. A/L Examination, Physical Science Stream: 3A Passes, District Rank: 13, Island Rank: 148, Z-score: 2.5978

Projects

ResourceHive - Multi-Tenant Resource Sharing and Optimization Platform GitHub

Ongoing

- Developing a multi-tenant university resource-sharing platform for discovering, reserving, and managing shared resources across organizations. Implementing the Booking and Notification Services with atomic booking creation, point deduction, availability validation, concurrent-booking protection, and real-time notification workflows.
- **Tech Stack:** TypeScript, NestJS, Next.js, React, PostgreSQL, Prisma ORM, REST APIs, Socket.IO, Docker, Docker Compose, Nginx, Jest, Supertest

FallingBytes - Console-Based Tetris Clone GitHub

Ongoing

- Developing a console-based Tetris clone in Java with real-time keyboard input and timed piece movement. Implementing tetromino generation and rotation, gravity, collision detection, horizontal line clearing, and game-state management, while using concurrent input handling alongside the main game loop.
- **Tech Stack:** Java, Console I/O, Object-Oriented Programming, 2D Arrays, Concurrency

IDKPay - Shared Expense Management Platform GitHub Live

Feb 2026

- Built a full-stack shared-expense application for roommates and small groups, featuring user authentication, group and member management, flexible expense splitting, real-time balance calculation, payment settlements, notifications, debt and expense analytics dashboards and collaborative shopping lists. Designed and developed the frontend, backend logic, Firebase integration, and deployment configuration.
- **Tech Stack:** TypeScript, Next.js, React, Tailwind CSS, Firebase Authentication, Cloud Firestore, Recharts, Vercel

BrightBuy - E-Commerce Management and Shopping Platform GitHub

Oct 2025

- Contributed to a full-stack e-commerce platform supporting product browsing, cart and checkout, payment processing, order tracking, inventory management, administrative reporting, and delivery-driver operations. Implemented the administrative module, including inventory management, order tracking, reporting dashboards, and role-based access control.
- **Tech Stack:** JavaScript, React, Node.js, Express.js, PostgreSQL, JWT, bcrypt, Chart.js, Docker, Docker Compose, Nginx

Skills

Programming Languages: Python, C++, Java, TypeScript, SQL

Concepts: OOP, Data Structures and Algorithms, Design Patterns, Software Architecture, RESTful API Design

Database Systems: PostgreSQL, MySQL, Firebase, Supabase

Technologies, Libraries & Frameworks: React, Next.js, Node.js, Express.js, NestJS

Cloud & DevOps: AWS EC2, Docker, Docker Compose, CI/CD, Nginx

Tools: Git, GitHub, Visual Studio Code, Figma

Achievements

CryptX 2.0 Designathon - Top 8 Finalist Apr 2026
A UI/UX design competition organized by the ICT Society, Faculty of Technology, University of Sri Jayewardenepura; competed as part of a three-member team.

UoJCoders v4.0 - Finalist Aug 2025
A competitive programming and problem-solving competition organized by the Computer Society, University of Jaffna; advanced to the final round as part of a three-member team.

Certifications

AWS Academy Graduate - Microservices and CI/CD Pipeline Builder Feb 2026
Amazon Web Services Training and Certification | [🔗 Credential](#)

- Microservices, AWS CodePipeline, Continuous Integration, Continuous Delivery/Deployment

AWS Academy Graduate - Cloud Foundations Feb 2026
Amazon Web Services Training and Certification | [🔗 Credential](#)

- AWS cloud concepts, core services, architecture, pricing, and support models

Volunteering

Finance Committee Member, ENIGMA 2025 Aug 2025
Mathematics Society, University of Moratuwa

- Supported sponsorship outreach by contacting corporate HR departments to secure event funding and partnerships.
